EVOptica

HD - High-Definition Images

Aurora combines a high-resolution HD camera with advanced focusing technology to produce sharp images, strong contrast and clearly defined colors for comfortable use. Text retains high contrast at different magnifications, supporting comfortable reading and writing even at high enlargement.

Choose from 17 viewing modes. Read bills, newspapers and magazines, sign documents and more with simple button controls. The high-resolution display's vivid colors make reading color documents more enjoyable. The available color combinations are shown below.

EVOptica

Flexible to Use

The display is easy to reposition, so you can share reading material and images with others. For example, share a recipe with friends so everyone can see and read it.

The illustration below highlights further features:

- Large 24-inch HD display.
- Easily adjustable lighting position and intensity.
- Comfortable reading without unwanted reflections.
- Plug and play: connect to a power outlet and start using it, without complex installation instructions.
- Pen holder.
- Cup holder.
- Smooth-moving XY reading table that locks in the desired position, helping you resume reading at the same point.
- Large, easy-to-find contrast and color controls.
